🚨🚨🚨 BREAKING NEWS ON A 50 YEAR COLD CASE !!

❤️ MISSING 50 YEARS, WE HAVE FOUND 3 YEAR OLD CAREN AND MOTHER DORIS WURST.

📍 On Saturday, August 10, 2024, we returned to Plantation, Florida to continue the search for missing mother and daughter, Doris and Caren Wurst, who were reported missing 50 years ago in November of 1974.

❤️ While conducting sonar search operations in the Broward Boulevard canal at 11:17 AM, we discovered the submerged remains of their red and white 1961 Chevrolet Impala. We notified detectives from the Plantation Police Department and the Broward County Sheriff's Office. BSO divers located two sets of skeletal remains in the vehicle, one of which was that of a small child. This is an active and ongoing investigation, DNA results are pending.

The investigation was a result of a 14-month collaboration with the [Plantation Police Department](#). The dedication of the detectives involved in the case was incredible, as they never gave up on finding a resolution, even 50 years later. It was a privilege to be a part of this team effort and contribute to the outcome of the investigation.

Although we cannot share additional information at this time, we are steadfast in our compassion and support for those whose lives have been forever changed by these events. We will continue to hold their loved ones in our thoughts and prayers.

❤️ We express our sincere gratitude to the [Broward Sheriff's Office](#) Dive Team for their exceptional efforts in the recovery. This was an extremely difficult recovery with the remains and vehicle being submerged for five decades. Without their collaboration, this case undoubtedly would not have been resolved.
